RE: Detention Center Substance Abuse Services:

I am writing to let you know the contract for the trial period of six months substance abuse services to the Ravalli County Detention Center expires at the end of March.

The project has gone very well, and has filled a gap for assessment, stabilization and referrals for inmates who have substance abuse issues. Group meetings have been held twice per week in conjunction with mental health services , and have benefited the inmate population , provided input to the Detention Staff, and provided resources to other services such as Child and Family Services ,and Youth Court . Additionally individual meetings have occurred to assist with detox, emotional problems and assisting inmates to complete assessment and enroll in services prior to release.

We would like to continue the services and look forward to discussing this project .

Respectfully Submitted:
